

Mentorship program

KPMG is pleased to announce that we will be offering our Mentorship program to the University of the Fraser Valley students again this year!

Goals of the program

To provide students with an opportunity to build relationships with KPMG, learn about life in public practice, gain an understanding of our culture, and provide information on any other questions you may have about the accounting profession, the designation process, and other relevant topics.

Eligibility to apply

This program is ideal for students in the Bachelor of Business Administration with a major in accounting.

Application process

Please submit the following to Alison Cecil (alisoncecil@kpmg.ca) by **January 31, 2022**:

- Cover letter, explaining why you are a good fit for the program
- Resume
- Unofficial copy of your most up-to-date transcript

If successful, you will be contacted to attend our Mix and Mingle event where you will have an opportunity to meet several representatives from the firm, including your potential mentor!

Mentorship process

If successful, your mentor will reach out to you to arrange a meeting with you. We suggest that you take the opportunity at this meeting to set the expectations of your mentorship, including setting two to three goals that you would like to achieve.

You will connect with your mentor over the course of the remaining school year and summer semester based on a mutually agreed upon schedule. We suggest that you connect every other month, which allows you to connect three to four times during your mentorship.

What to expect from your mentor

Your KPMG mentor is committed to investing time in building a relationship with you, while giving you key insights to the accounting profession and life at KPMG to help you make the best career decisions for your future.

What your mentor will expect of you

You should be as committed to this program as your KPMG mentor. This means that you are committed to meeting at agreed times, discussing your objectives from the mentorship program, and having thoughtful questions or topics of conversations prepared for your meetings.

We aim to make this a fun, informative experience for you!
